

# Type 2 Diabetes Path to Remission Programme (T2DR)

*SystemOne*

This programme is designed to support people to improve their diabetes control, reduce diabetes-related medication and in some cases, put their Type 2 diabetes into remission.

## Locating the Reports

1. Click on **Reports < Clinical Reporting**.
2. Expand the **LLR Primary care folder < LLR Target Patients 2425 folder**.
3. Locate the **T2DR Programme Reports**.

4. Once you have run the report right click to show patients.

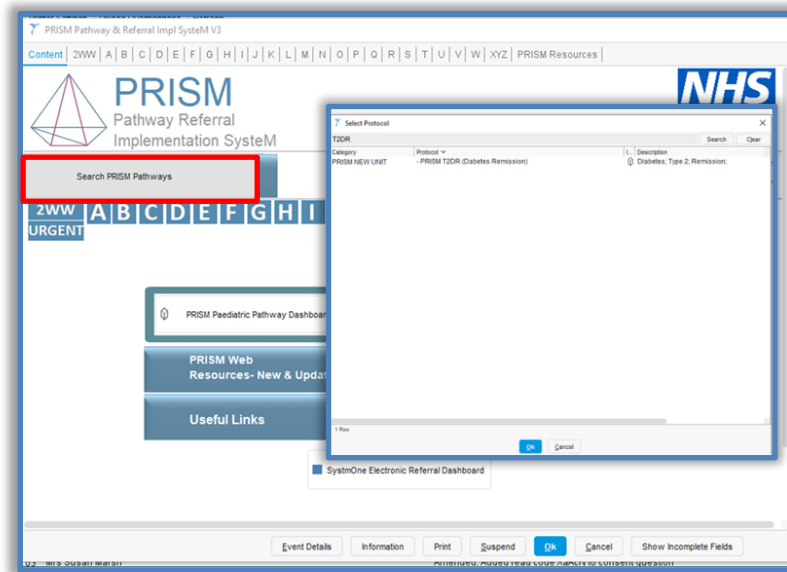

## Referring Patients

Referring patients to the NHS Type 2 Diabetes Path to Remission Programme is done via PRISM.

1. Click the **PRISM** icon from your toolbar.

2. Use the search feature within PRISM.

3. Search for T2DR.
4. Launch the form and follow the instructions on the screen.

Join the [LHIS Primary Care Resource](#) Teams channel to be notified of the release of resources and stay up to date with all other LHIS communications. Please ensure that you have notifications turned for this channel.
